Experience

Chidhagni Consulting Private Limited

Hyderabad

Full Stack developer

Oct 2023 – Present

- Developed and maintained RESTful APIs using Spring Boot, enforced CORS policies for enhanced security, and used Thymeleaf to generate dynamic PDFs and email templates.
- We conducted API, unit and integration test to ensure the stability, performance and reliability of the application.
- Designed and built responsive, user-friendly interfaces with React.js and Material-UI (MUI), delivering a consistent experience across devices.

Chidhagni Consulting Private Limited

Hyderabad

Engineer Trainee

Apr 2023 – Sep 2023

- Developed and maintained Java-based RESTful APIs with Spring Boot to ensure smooth backend operations, while integrating them with front-end components for efficient data flow.
- Integrated front-end components with back-end RESTful APIs to enable seamless data flow and enhance user interaction

Projects

Houzer

[Houzer](#) 

- Houzer is a tech-enabled platform that connects housing societies with trusted service providers, offering both redevelopment and professional services to meet diverse needs.
- Its Key offerings include HouzerRED for advisory, HouzerPRO for vetted experts, and REducate for educational resources to ensure transparency and ease throughout redevelopment and professional service engagements.
- Technologies Used: SpringBoot, Java, ReactJS, postgresSQL

Donation Receipt (Pure Heart)

[Donation-Receipt](#) 

- This website helps NGOs and charitable trusts generate compliant donation receipts, with features like automated receipt creation and multi-login support to improve administrative efficiency.
- It simplifies donation tracking and documentation, making it easier for organizations to manage donor records and meet regulatory requirements.
- Tools used: SpringBoot, Java, ReactJS, PostgreSQL

Education

Bapatla Engineering College

Aug 2018 – Jun 2022

B.Tech in Computer Science Engineering

- CGPA: 9.2/10
